Mace and Sullivan.

NEW YORK, DEC. 28.
Richard K. Fox said in regard to the proposed fight between Mace and Sullivan: "I have sent word for Mace and his party to give an exhibition in San Francisco, and come on to New York at the expiration of two weeks I have received offers from two railway lines to bring the party on, and have taken the best offer and sent on for tickets. When they arrive I will make a match, if possible to fight for any amount." Sullivan said: "I will fight Mace if I have to, but would rather fight the young man, Slade, as there would be more credit in it. Mace, according to his own say, is 52 years of age. I will box Mace, and agree to stop him in four rounds. If Fox after two years' looking around, thinks he has found a man to whip me, I will fight him for \$5,000 a side to accommodate him, but would rather have it for \$10,000 a side. I care nothing for the title of champion of the world, which Mace claims, but am satisfied with that of the champion of America."

no longer from Dyspepsia, Indigestion, want of Appetite, loss of Strength lack of Energy, Malaria, Intermittent Fevers, &c. BROWN'S IRON BITTERS never fails to cure all these diseases.

BOSTON, November 26, 1882.

Brown Chemical Co., Boston.
Gentlemen:—For years I have been a great sufferer from Dyspepsia, and could get relief (having tried everything) which was recommended by the advice of a friend, who had been benefited by Brown's Iron Bitters. I tried a bottle, with most surprising results. Previous to taking Brown's Iron Bitters, I had lost weight, and I suffered greatly from a burning sensation in the stomach, which was unbearable. Since taking Brown's Iron Bitters, all my troubles are at an end. Can't any time without any practical results. Mrs. W. J. Flynn, 30 Maverick St., E. Boston.

PACIFIC COAST NEWS.

Some of the diligent boys of Maryville make \$1 50 a day picking turkeys. Chinamen used to do this work.

A Goldendale (W. T.) special says: R. D. McCullough shot and mortally wounded W. A. Chappell, son of W. H. Chappell. McCullough is under arrest.

Charles Reynold was convicted of manslaughter in killing Walter Turner by carelessly firing a pistol in the public street at Plainsburg on election day.

Red Bluff had a prisoner brought from Yolo county the other day, and when he was put in jail it was discovered he had the small pox. He is now in a pest-house outside the town.

A wagon containing Mr. and Mrs. Godfrey, Mrs. Dickey and Mrs. Carpenter was overturned on Santa Clara street, San Jose, Saturday afternoon. Mr. and Mrs. Godfrey received serious injuries, and it is believed the lady will not recover.

The ship Glendon arrived at Port Townsend, W. T., Saturday, 147 days from Philadelphia. The Glendon carries over 2,000 tons. The passage from Cape Horn to that port was made in 42 days, being the quickest sail vessel time on record.

C. J. Murphy, the man who passed five forged checks, had a preliminary examination at Portland, Oregon, Saturday, and was bound over in \$2,500 on five charges. He has been recognized as Neal Murphy, former employee of the San Francisco Custom House.

Mrs. J. M. Strong, widow of the late Colonel Strong, is now gathering the best crop of cotton ever raised in Merced county. The crop occupies 225 acres of Merced river bottom land. This land has been steadily cultivated to various crops since 1851.

The San Mateo County Journal says: It is now ascertained that the ship Alice Buck, wrecked in Halfmoon Bay, was doomed before she set sail; that the cargo was misrepresented, and consequently falsely insured; that the steel rail rails are not steel, but iron; that the cost of wrecking the rails will swamp the proceeds; that the whole undertaking was a losing game, and that trouble is brewing.

Female Complaints.
Dr. R. V. Pierce, Buffalo, N. Y.: Dear Sir—I write to tell you what your "Favorite Prescription" has done for me. I had been a great sufferer from female complaints, especially "dragging down," for over six years, during much of the time unable to work. I paid out hundreds of dollars without any benefit till I took three bottles of the "Favorite Prescription" and I never had anything do me so much good in my life. I advise every girl to take it.

THE INSANE ASYLUM.

From a card published by Dr. Dawson of the Insane Asylum, it seems that a report has reached the State Board of Commissioners for the care of the insane, reflecting on him or his management of that institution. What truth there is in the charge we do not know, but from personal observation we believe Dr. Dawson's management has been economical, honest and competent. His report will be submitted early in January, in which he has taken great pains to give a full and correct account of his stewardship. It is very easy for politicians or enemies of a public servant to create a prejudice and place one holding public position in a bad light before the people by casting slur by innendo. It is cowardly in the extreme to attack a public officer in that manner, and unless the jealous old croakers who are hammering away at Dr. Dawson can put their charges in shape to be investigated, as he invites them to do, the quicker they hide themselves away or engage in the more profitable occupation of minding their own affairs the happier they will be.

EDITORIAL NOTES.

The Leader says the salary law has cost Eureka county \$45,000. Can you prove your statement to be true, Mr. Leader? The salary of every officer in the county won't foot up much more than that. You must have had a very poor lot of officers or else your town and county will not compare very favorably with other counties in the State.

It is said to be the fashion this year to make editors Christmas presents of diamond shirt-studs. The prettiest designs come as low as \$240, and for the convenience of pawn-brokers, the diamonds are so set as to be easily taken from their settings and glass ones substituted.

The Plumas National truthfully remarks that mining is a business which needs both brains and experience, and when men with a very small stock of these qualifications are placed in charge, it does not take a wise man nor a prophet to predict that failure is to be the result.

Representative Holman, who leads the opposition in the House against the Pacific railroads, regards the prospects of the bills for forfeiting to the Government the unearned land grants to the Pacific railroads as not very flattering.

There is no demand by the people of this country for the abolishment of the liquor and tobacco tax, and Congress is making a great mistake in meddling with it, says the Oakland Tribune.

The beef boom in San Francisco continues. No reduction in the present high prices seems to be probable soon. Many thousand head of cattle are being shipped from Nevada to that market.

Mrs. Langtry is reported to have said: "The newspaper men of America are the handsomest, brightest, and most courteous gentlemen I ever met." She has probably been an attentive reader of the GAZETTE.

Governor Perkins has appointed Joseph A. Redding California Fish Commissioner. He is a son of the late B. B. Redding, who for a long time filled the same position.

The Immigration Association of California reports the number of immigrants arriving by the overland railroads for the last week at 553.

Scalded and Maimed.

POTTSVILLE, Pa., Dec. 29.

At the furnace of the Pottsville Iron Company a shifting engine fell through trestle work fourteen feet high, and four men on the engine fell with it. Edward Manning was fearfully scalded, and will probably die. Henry Black was badly hurt and scalded, and J. M. Holier and J. M. Kirk severely injured.

Impudent Texans.

HOUSTON, Tex., Dec. 29.

Yesterday, at Columbus, a son of Captain Stafford was shot, but not killed. Friends of Stafford hanged the shooter.

TO-DAY'S NEWS

Press Dispatches to EVENING GAZETTE

EASTERN DISPATCHES

Sullivan Promises to Kill a Man to Please the Roughs.

NEW YORK, Dec. 28.

Between 2,000 and 3,000 spectators assembled in Madison Square Garden to-night at the benefit of Joe Coburn, recently from Sing Sing prison. The well known pugilists sparred a wind-up with Sullivan, but the spectators did not like the friendly bout, and there were cries of "Go for him, Sullivan," "Give it to him, Joe." The boxers stopped and turned to the people. Sullivan said: "I want to please you all, and will please you by killing a man soon—perhaps Mac's unknown." Coburn and Sullivan then engaged in three rounds. There was no slugging, but much science displayed.

NEW YORK, Dec. 29.

At the Coburn-Sullivan set-to last night, Sullivan, in conversation with reporters, expressed no fears of Mac and scoffed at the Australian, whom he was pleased to term Mac's half-breed.

A Jumping Jack on a Christmas Tree Causes Much Trouble.

ABILENE, Kansas, Dec. 28.

A Christmas tree in the schoolhouse was ornamented with a jumping-jack intended for Miss Forman. Her friends resented it as an insult, and held Arthur Shodinger responsible. Wednesday night her brothers, her lover and her brother-in-law went to a prayer meeting to meet the offender and have it out. Twelve or more shots were fired. Shodinger was shot through the left lung, the girl's heart received two wounds, and one brother was shot in the wrist and clubbed with a revolver.

A Picayune Embroider.

CHICAGO, Dec. 28.

C. M. Silliman, manager of the freight and transportation department of the Furst & Bradley Manufacturing Company, has been missing some days. The firm claims that he has absconded and that a partial examination of his books shows an embezzlement of \$500, with probabilities of its amounting to \$1,000. It is said he accomplished this by pocketing small sums in the way of rebates for overcharges by railroads.

Terrible Loss of Life by the Fall of a Factory Chimney.

BRADFORD, Eng., Dec. 28.

Thirty-six persons are now known to be killed and fifty others injured, mostly women and children. Owing to the amount of debris the exact number of killed cannot be learned for two or three days. The total damage is estimated at over £60,000. About 3,000 persons are thrown out of employment, eight mills having fine connections with the fallen chimney being brought to a stand-still.

The Seventh Regiment Retrograd-ing.

NEW YORK, Dec. 28.

Considerable discussion is caused in New York militia and other circles by the report of the State Inspector-General, which places the favorite Seventh Regiment third in the list of city militia for drill and efficiency. The Forty-second Regiment is placed first. The present strength of the State national guard is 11,700 officers and men, which is 4,282 less than last year.

Civil Service in Chicago.

CHICAGO, Dec. 28.

Jesse Spaulding, Collector of Customs at this port, has completed the reorganization of both the customs and custodians, including 153 employees, upon the civil service principle. Good conduct and general efficiency are made the standard for retention and promotion. Of 80 changes made, over 75 per cent. have been promotions of men already in the service.

Arrested for Forgery.

CHICAGO, Dec. 28.

John Parry, book-keeper for Beveridge & Dewey, private bankers, was arrested to-night and held in \$5,000 bail on a charge of forgery to the extent of \$4,500 by a system of fraudulent checks in collusion with a bartender in a large saloon. The bartender has not yet been arrested.

The Mayor of New York Refuses to License the "Passion Play."

NEW YORK, Dec. 28.

The damage suit for \$50,000 instituted by Alice W. Slabyack vs. John A. Cockerelli, managing editor of the Post-Dispatch, for the loss of her husband, Alonzo A. Slabyack, was dismissed to-day at plaintiff's instance.

Do Not See How Chinese Slavery Can be Stopped.

NEW YORK, Dec. 29.

Several leading journals here and in other large cities are discussing the importation of Chinese women on the Pacific coast. They do not see how it is to be prevented under existing laws.

A Father and Four Children Burned to Death.

CHICAGO, Dec. 29.

A special from Beverly, W. Va., says: A. Currence, of a prominent Randolph county family, was burned to death Wednesday night with four

of his children. His wife was fatally injured also. Currence had lost much sleep through watching with a sick neighbor, and Wednesday night was sleeping at home, and while his wife and two children watched at the neighbor's bedside they saw the flames of their homestead. Before they could get there the walls had fallen, enveloping the five inmates. Mrs. Currence made frantic but unsuccessful attempts to rescue them and received burns that will prove fatal. The charred bodies were recovered yesterday by the neighbors. He was an ex-Judge and served in the 31st Virginia regiment during the war.

JOTTINGS.

For New Year's calling cards go to the GAZETTE office.

Sixty-five immigrants were on last night's west-bound train.

A train of 52 freight cars passed through Reno at midnight.

New legislators seem to think their first duty is to visit the Insane Asylum.

New Year calling cards at Nasby's. Thermometer at 7, 9, 11, 1 and 3—22, 34, 36, 34, 36.

Socially disposed persons are racking their brains to secure appropriate New Year cards.

Bowman has a lot of sweet apple cider—the finest in the world; also bananas nice and fresh.

A man don't know what a right good smoke is until he has sampled Davis & Son's holiday cigars.

Freight for the northern country still comes along in large quantities, the most of it destined for Plumas.

Sociable at the Reading Room Saturday evening, December 30. All are invited. Cake and coffee 10 cents.

E. A. Allen is a candidate for Minute Clerk of the Assembly. Mr. Allen is competent and would make a good officer.

An immense chimney fell in England yesterday, but it was nothing to the fall in prices at S. Jamison & Co.'s cash store. See new ad.

Turkeys are very unsafe in Reno. Those who are fattening birds for New Year should guard them jealously. Judge Young knows how it is himself.

Members of the Legislature are fitting about like fire-bugs in the tropics—anxious to shine as chosen representatives of the people. And the third house looms up prominently.

Judge King yesterday overruled the motion for a new trial in the case of Varian vs. Lake. This is the case wherein Varian got judgement for \$5,000, and the defendant moved for a new trial.

Some magnificent wraps of black velvet, trimmed profusely with jet, are seen this season, and they look as "imported" as if placarded as such. Go to F. Levy & Bro. and see the elegant display they make.

The "utterly utter" kind of talk has infected the street gamins, one of whom, after picking up a more than usually fragrant cigar, exclaimed to his friend, "Jack, old cooney, you can bet this came from Meyer's shop."

Oscar Wilde sailed for England yesterday, but before he left he wiped his mouth on the sleeve of his velvet coat and exclaimed: "Oh, the ecstatic bliss concealed in those punches of Thyses. How I'd like to suck one more before I leave these shores!"

Otto Hartung of the Palace Bakery is selling lots of candy. His stock is fresh and nice and consists of all kinds, from a lady's finger to a candy elephant. Give him a call. Remember that a box of nice fresh candy for a New Year's present is just the thing.

As the majority of the feminine world must study economy to a certain extent, it will be remembered the places where first-class goods are sold at the lowest price. I. Barnett's Palace of Fashion is one of this kind. Ladies are invited to call and price goods.

You can never become a great astronomer by putting your head against a lamp-post, though you may see several stars not set down in the back of the old-fashioned school geography. But you can become a well-dressed man by going to the White House and getting a fine suit of clothes of Abrahams Bros.

A slight split of snow fell last evening—a sort of a tickler for Winter, which seems to hold back like a bashful school-boy. After the clouds passed the night was one of the clearest ever seen in Reno. The stars twinkled their brightest and all winked at the moon as if saying "You haven't got much the best of us to-night, old pard."

Orndoff's Invention.

Jim Orndoff of the Empire saloon, Eureka is, and always was, very enterprising. His telephone is the latest invention, but when you talk through it you should keep your mouth shut if you don't want to get shot in the neck. His attachment is a handy tool and never yet has failed to come to time.

A Land Office Decision.

The Commissioner of the General Land Office has decided that ledges of rock salt found upon the public domain are subject to occupation and sale under the provisions of the Mining Act, and locations of such ledges carry with them every incident of possessory title conferred by such Act.

A Nice Young Man in the Jing.

The stylish young man who played the "change racket" in Reno a couple of months ago, and victimized several who would not acknowledge the corn, has been caught at his tricks and is now confined in a tank in the Oakland jail. He has probably run the length of his chain, for a few months, at least.

PLUMAS ITEMS. News Notes From Our Mountain Neighbor.

A row occurred at Crescent a day or two ago, resulting in one man being shot. An Indian, well known there as Dick Carter, was on a spree and got into a fight with Eph. Epperson. After indulging in some loud talk and threats, he rushed into the saloon after Epperson, carrying a large knife in his hand. Somebody endeavored to stop him, but he pushed them aside and went in. Horace Smith, one of the bar-tenders, pulled a pistol and shot at the Indian, the bullet missing him and after passing through the partition into the next room, struck a young man named George Seelight in the cheek, making an ugly, but not dangerous wound.

During the past week G. W. Meyert has purchased the rights of a number of the claimants to timber land lying to the east of the American Valley, and on both sides of the Reno road. He is strong in the faith that the railroad which is pointing this way will soon be built and that the magnificent timber will come into market, proving a bonanza to the owners.

The Taylor-Plumas mill will be ready to start some time in January. Clark Lee lost a valuable team horse on his trip to Reno this week.

Taxes are being paid up at a lively rate now, over \$10,000 coming up in the express on Tuesday. Notwithstanding the cry of hard times the delinquent list promises to be smaller than it was last year.

About four weeks since, a little dog of Mr. and Mrs. Drodge of Indian Valley while playing on an inclined bridge to a hay barn, broke her leg. The bones of the knee gave way, and produced a very bad fracture. Dr. Carter has been obliged to re-set the limb several times, and now it is feared that the knee will be permanently stiffened.

Information is wanted of Charles W. Smith, a native of Boston, Mass., about 54 years old, who served as First Lieutenant, commanding Company I, Massachusetts Volunteers, Colonel Cushing, during the Mexican war, afterward went to California in 1849; last heard from, indirectly, at Virginia City, Nevada, some years ago. Any comrade who can furnish any news of him, or give his present address, will confer a lasting favor on his brother, George B. Smith, National Soldiers' Home, Togus, Maine.

THE PISTOL IN PLUMAS.

A French Canadian Shot Dead in His Tracks.

(Greenville Bulletin, Dec. 27.) Yesterday morning about 10 o'clock Lowell Isom Maxwell shot and killed a man named Rabie. Maxwell is aged 25 years, Rabie looked to be about 30; the former is a native of Plumas county, the latter a Frenchman, or French Canadian. Both men had been at an Indian dance the previous night, and some ill feeling had been displayed between them; yesterday they again met in Lisk & Kilbridge's saloon, and the quarrel was at once resumed. Rabie drew a knife, a weapon having a blade about eight inches long with a tapering point—a bowie knife in fact. Maxwell said he was not armed: Rabie told him to go and "heal himself." Maxwell went out and returned in a short time. Rabie again made demonstrations with his knife; Maxwell and he were then outside of the building, both men moved off from in front of the saloon and were between two buildings occupied by Chinese; here it was that the shooting was done. Maxwell says he fired four shots; one of these passed through the body of Rabie, another passed through his head between the upper lip and the crown, leaving an opening out of which the brain oozed. Rabie fell dead in his tracks. Maxwell went at once and gave himself up, and was placed in jail. Mr. Emmons, Justice of the Peace, summoned a Coroner's Jury and held an inquest. A verdict was rendered in accordance with the facts. The plain facts have been given nearly as could be ascertained. The impropriety of making comments before a trial is had will be apparent to every mind.

THE MAMMOTH LOCOMOTIVE.

Engine No. 51, for the Southern Pacific road, came in "dead" this morning, and attracted much attention. It is one of the largest locomotives ever built, though there are some of nearly the same weight, but of altogether different construction, employed to haul coal trains on the Lehigh Valley Railroad. The length of this one is a little over 53 feet.

The weight of it is 123,000; the tank weighs 63,000 pounds with a carrying capacity of 3,000 gallons. It was built at Patterson, N. J., after the model of one constructed at the Sacramento machine shops last winter, and is intended to do the work of two ordinary freight engines, and will develop more speed with consumption of less fuel. The size of the monster could hardly be realized until contrasted with what we have been used to call big locomotives.

CATTLE SHIPMENTS.

Eight car-loads of cattle belonging to T. Judge of Eastern Oregon went west to San Francisco last night. They were fattened on grass, and look unusually fine and sleek. This morning ten car-loads were forwarded to Hayes & Carrick at Oakland. They were mostly young animals, and in good condition. At the present rate of shipments, beef will become scarce in Nevada before spring opens.

NO PLACE FOR COURTING.

It's all right to put your arm around your girl and pat her on the cheek, providing she is willing, but in the eternal fitness of things such little love passages should only take place in the silence and seclusion of the old man's parlor, or some other quiet retreat, and not in the glare of a brightly lighted show-window, where other fellows may gaze on with eager eyes. It harrows up their feelings, you know.

NEW YEAR CALLS.

The columns of the GAZETTE are open to all who intend receiving on New Year's day. A number of gentlemen have expressed their intention of making calls, and the more that receive the more enjoyable will it be for all concerned. Every lady who expects to entertain callers may hand in her name, with the place of reception, for publication before the next issue of the GAZETTE.

DEATH OF FLORA LINDLEY.

The Bee says: Flora, the 12-year-old daughter of T. M. Lindley, died Wednesday night at Sacramento of inflammation of the bowels, which was preceded by malarial fever. She had been sick but a week. She was a child of delicate organization, and succumbed easily to the attack. She was a cousin of A. Lindley of Reno.

THE ICE HARVEST.

The Mountain Ice Company at Camp 16 have everything ready to harvest a crop of ice as soon as it freezes sufficiently. They expect to put up several thousand tons this winter.

LESS MILITARY.

There was a meeting of military men in Virginia last Sunday and the proposition of reorganizing the State militia discussed. It is proposed to have fewer companies and more effective men.

TUSCARORANS WELL FIXED WITH SALT-WATER FISH.

The Times-Review informs the Fish Commissioner that the Owyhee river, which heads in that vicinity, is several hundred miles long, and that six streams, which never run dry, flow from the mountains which surround Independence Valley, and complains because that officer does not stock those streams with fish. Now, says the Silver State, the Tuscarorans are the only people in the State given the preference over the Owyhee and its tributaries. That stream is the only one in the State of Nevada that has an outlet to the sea, and Tuscarorans are the only people in the State who can go before breakfast and catch a 20-pound salmon right from the ocean. If people elsewhere in Nevada had such facilities they would not care much whether the Fish Commissioner visited them or not.

CARSON'S DECAY.

WHAT KEEPS THE CAPITAL VILLAGE AFLOAT.

A Carson correspondent of the Reveille says the new officers have nearly all made their arrangements for shelter during the coming four years. Some have purchased houses, because at the present depressed state of real estate, it is cheaper to buy than to rent. You can get property for a tenth what it cost and it will be lower yet next spring, for more people are going away, and nobody comes to take their places. The public buildings alone keep the town up. It is estimated that the Capitol, Mint, Prison, Orphans' Home and Virginia & Truckee Railroad together disburse an average of nearly \$2,000 a day the year round. And this keeps Carson afloat.

THE FIGHT ALREADY SETTLED IN FAVOR OF RENO.

The Reese River Reveille, speaking of the pitched battle Dan De Quille is trying to get up between Reno and Carson, to see who shall have the State Prison, says: Perhaps without inquiring it Dan has settled the fight in favor of the Renoites. Whichever side the Piutes are on is bound to whip. There are Piutes enough in Austin and vicinity, big, healthy warriors, to thrash the entire Washoe tribe. A better way would be to let the two tribes do all the fighting and abide the result.

INVALIDS AND CONVALESCENTS.

RECOMMENDED BY PHYSICIANS of the highest rank on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Complaints, Consumption, Convalescence and Chronic Weakness.

NURSING MOTHERS, who find themselves fatigued and weary, will derive substantial benefit from its use.

WEAK AND SICKLY CHILDREN, who suffer from fits and spasms, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use.

DELICATE FEMALES, who suffer from the weakness of their sex, will derive lasting relief from its use. It imparts energy, strengthens the system, purifies the blood, stimulates the appetite, and removes the various complaints.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are subject to Convalescence—will find this preparation exactly suited to their needs. It is a most valuable article for Convalescents.

DISLOCATED JOINTS, sprains, rheumatism, sciatica, neuralgia, &c., will be relieved by its use.

INFECTED WOUNDS, ulcers, carbuncles, &c., will be speed
